

## **Mission: Literacy: Ready, Get Set, Unscramble!**

From Lori, Columbus West Mound Corps, Ohio

### **Make a game out of a worksheet activity!**

#### **Game #1**

**Materials:** Paper, pencil, book: *In the Beginning*

**Directions:**

- Make a list of what God spoke into being (light, sky, water, land, etc), allowing children to use the book *In the Beginning*
- The first one done is the winner!

#### **Game #2**

**Materials:** letter tiles like those from *Scrabble* or *Bananagrams*

**Directions:**

- Give kids a scrambled word from a worksheet
- The kids each make sure they have the tiles for the scrambled word and they put the tiles into the mixed-up order as they appear on the worksheet.
- When everyone is ready, tutor says, "GO!"
- The first person to have the letters arranged into the right order for the word is the winner of that round. The others continue until their words match the winner's word.
- Repeat with another scrambled word.
