

## **Mission: Literacy Trivia Show**

**From Penny, Eureka Corps, California**

**Materials:** 2 small boxes - 1 labeled **Questions**, the other labeled **Bonus Words**  
Student Exercise Sheets provided with each story

### **Directions:**

- After reading one of the books and completing the worksheets, cut the questions apart from the worksheet(s) and place them in a box labeled **Questions**. The mixed-up words are cut apart and put into the box labeled **Bonus Words**.
- Split the kids into 2 teams
- Ask questions from the **Questions** box. For correct answers, award the answering team:
  - 5 points if it is a true/false or a choice of 2 options
  - 10 points if it is a fill-in-the-blank
- Every 3 questions, give the children the option of choosing a mixed-up word from the **Bonus Word** box.
  - 20 points are awarded for unscrambling the letters

**Penny:** As the tutoring sessions progress, you have more questions to give the kids because you just keep adding questions to the boxes. We have discovered that the kids love playing the game for small prizes. It also encourages the kids to pay attention to the story, complete their work and, most importantly, to help them remember the stories from previous sessions.
